

R2N1 German with Business Management

Programme structure(s) and requirements, levels and modules

Overall requirements for students who joined Year 1 of this programme before 2015, or who join this cohort in 2015

You must take 120 credits in each year of study. You must pass at least 270 credits overall in total to be eligible for your degree, not including credits taken as part of the Year Abroad.

You must take a minimum of 150 credits in German modules and 90 credits in Business Management modules, in addition to the Year Abroad module(s) over the period of your studies.

Some of these credits will be from core or compulsory modules. You must pass core modules to progress to the next year of study. You must take compulsory modules, but may be able to progress with a fail mark.

Some of your credits will be from optional modules within German which you can choose each year. You may also take up to 120 credits outside your subject area in the course of your degree.

The Year Abroad is a compulsory and integral part of the degree programme. Exceptionally the School can exempt students from the Year Abroad with the agreement of the Year Abroad Committee. If exempted, you will submit a change of programme form to change your degree to a 3-year degree. The programme requirements for the 3-year variant are exactly the same as for the 4-year programme but without the Year Abroad requirements.

You will be assigned to one of four pathways according to your knowledge of the German language. This pathway will be confirmed during Welcome Week when you first enrol at Queen Mary, taking your entry qualifications and, in some cases your performance in a language test, into account.

Please select your pathway from the list below and go to the relevant page. The regulations in each section outline the requirements for which modules you have to take in each year of study, and what you have to achieve to progress to the next year.
