Preliminary Reading List

HISPANIC STUDIES

For Spanish language work, students are expected to possess at least a good bilingual dictionary and a grammar.

- Bilingual dictionaries: we recommend *The Oxford Spanish Dictionary* or the *Collins Spanish Dictionary*. Buy the latest edition possible; however, earlier editions are also useful.
- Good monolingual dictionaries are *Clave: Diccionario de uso del español actual* (Madrid: Ediciones SM, 2006) and *Diccionario abreviado del español actual* (Madrid: Aguilar, 2000).
- Grammars: at first-year stage we recommend Pilar Muñoz & Mike Thacker, *A Spanish Learning Grammar* (London: Arnold, 2001).

Language teaching at university will involve the use of technical grammatical terms, and to prepare for this we recommend:

- Emily Spinelli, *English Grammar for Students of Spanish* (London: Arnold, 1999).
